

UNIFORM DONOR APPLICATION FORMDate filled out: ____/____/____ (Month/Day/Year) **Compensation you are requesting \$** _____

To become a sperm or egg donor, we need to learn some information about your personal and medical history. Your responses to these questions will help us to make sure that your health and medical history are compatible with the donation process and in particular for egg donors that it will not involve any increased risks for you. This effort will also help us to match you to an appropriate recipient.

Please provide complete and accurate information to these questions. If you do not know the answer, ask a parent or family member. Any information you provide during the donation process, will remain completely confidential. Some of the information from this questionnaire will be given to the recipient(s) as noted but all identifying information is removed.

A "yes" response will not necessarily eliminate you as a potential donor. Most people will have at least one of these conditions in themselves or a family member. The accuracy of the information you will be giving will provide information to potential families you may help to create.

Instructions:

1. **Please fill in all blanks completely.** Please complete all questions and write "N/A" if not applicable.
2. Please be specific. Avoid expressions such as "natural" or "old age" (for causes of death). List any health problems as specifically as possible. If you do not know the age, put the approximate age or ask a relative to help you. List exact relationships such as "first cousin through my mother's sister".
3. Please provide information on all the relatives requested. Do not write their names.
4. If you have any questions, please call your donor coordinator.
